

- * **1/10 Gauge** in-line Loop Pile machine, equipped with **iTuft** (Individual Tuft) Single End pattern attachment & **Servo Shifter** shifting needle bar attachment
- * Optional : iTuft **2E** or Compact Servo Scroll pattern attachment
- * Alternative- **1/8 Gauge** or **5/32 Gauge**
- * Colortuft is a tufting system combining shifting the needle bar in conjunction with the color threading sequence (up to **6** colors) plus compression of the tufted stitch rate to create *multi-color, multi-pile* fabrics with true **1/10 Gauge** density
- * Colortuft machine engineered for flexibility to create traditional 1/10 Gauge textured *multi-pile* fabrics or choose to employ the *Colortuft technique*
- * Design raised loop areas for Tip Shear to create Colortuft cut/ uncut fabrics
- * Colortuft fabrics are ideal for residential, commercial, & hospitality carpets
- * Colortuft is capable of tufting broadloom (wall to wall) carpet, rugs, & tile

4-color Colortuft fabric (Thread-up A-B-C-D)
